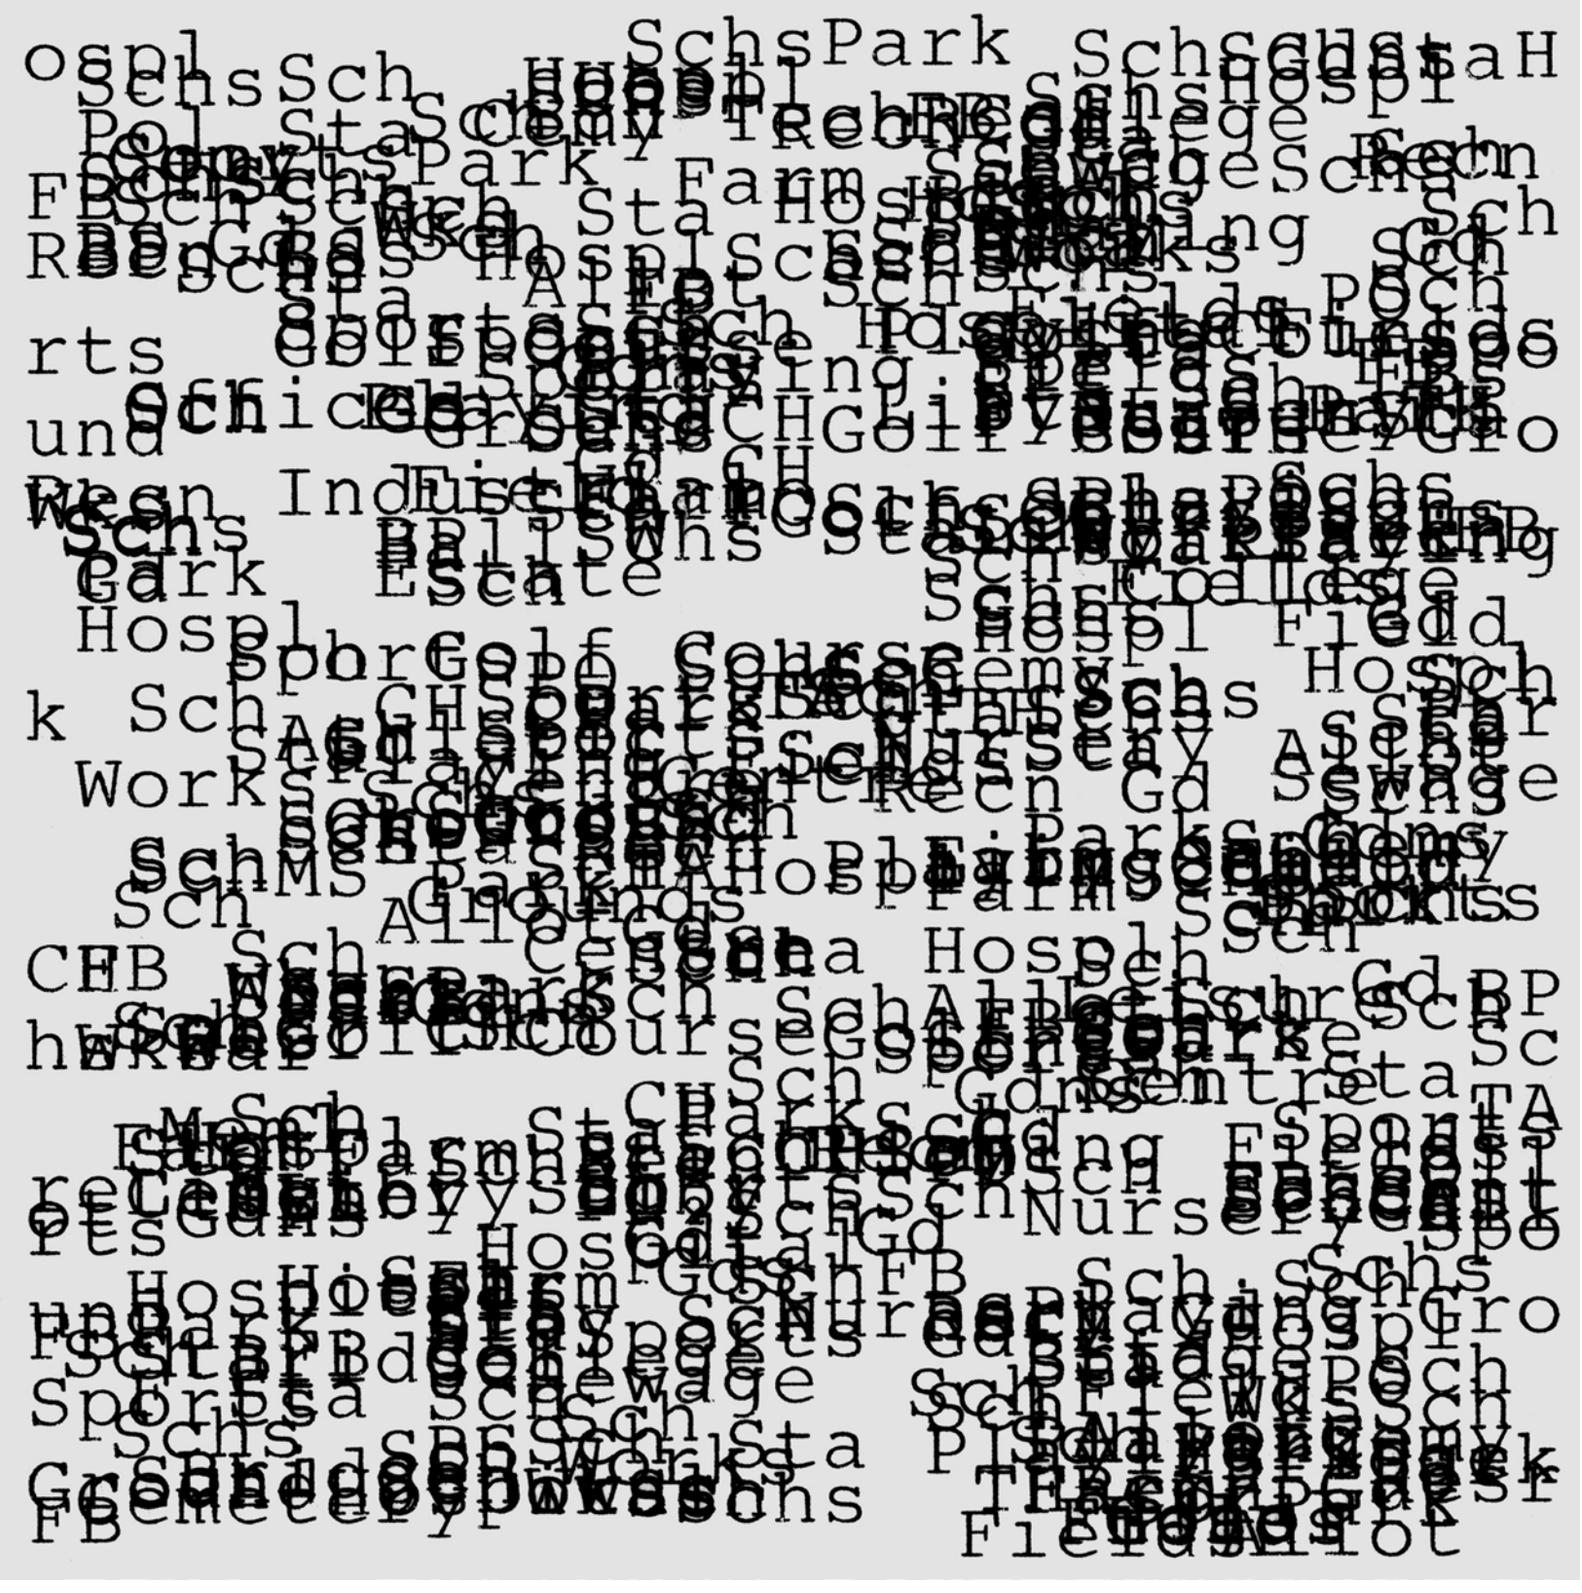
Typewritten terms and abbreviations from the map of a suburban area measuring ten by ten kilometres: ‘TQ26, Ordnance Survey 1:25000 second series’. Each kilometre square is superimposed; the accumulative interference isolating each locational term from relationships within its own territory.



Published as a casebound edition reproducing each of the hundred squares, or layers, page by page: *Aggregate*, 120pp, 208 x 150, photocopy on light grey cartridge, cloth-covered casebinding, slipcase; ten copies, London, 1992/94.

Originally ‘Stack’ in *Wirelesslessness* (1992), and subsequently ‘Aggregate’ in *Distance etc.* (1999), *Englshpublshing* (2004), and *Uniformagazine* no.6 (2016).
